

ENVIRONMENTAL BEST PRACTICES CONFERENCE

SEPTEMBER 2011, OFFENBURG, GERMANY

Environmental Best Practices (EBP-III) 13-16 September 2011, Offenburg, Germany

The Third International Environmental Best Practices (EBP-III) Conference will be held at the University of Applied Sciences, Offenburg. The conference is organized in collaboration with the University of Warmia and Mazury in Olsztyn, Poland.

The objective of the conference is to bring together researchers from academic, governmental and industrial institutions to discuss new developments and results in the field of environmental science. It is anticipated that attendees will present their knowledge and understanding of a broad spectrum of environmental issues and solutions to the challenges facing the world today.

This conference is best suited for individuals working in the fields of Biology, Chemistry, Engineering, Government Regulation and Project Management.

Conference topics:

- Water Processing/Treatment/Protection
- Solid Waste Management
- Environmental Management
- Environmental Toxicology
- Air Pollution Control
- Sustainable Energy including
 - Geothermal Energy
 - Solar Energy
 - Energy Efficiency
 - Biogas
 - Microbial Fuel Cells
 - Biorefinery

Additionally a session for young academics and a workshop for national and international fund raising will be held at the conference.

Authors of oral and poster presentations are encouraged to submit their manuscripts to be published in the periodical "Environmental Biotechnology", which has both printed and electronic version <http://www.environmentalbiotechnology.pl>.
